From the Chairman

Dear Members,

We have had a great year, and I am extremely excited to discuss some of our upcoming changes for our chapter. In the past few years we have seen a growth in membership and the numbers of great cars show up at our chapter meets. We are now making strides to have consistent monthly activity's to encourage active membership participation. These will be held the second Tuesday of every month and can vary from tech sessions to judging schools or even other activities related to our hobby. Tim Lally Chevrolet has been gracious enough to offer the use of their facility, as have others in the area so the location of the events may fluctuate. If any member has a topic in mind or wishes to host an event or garage tour we would love to put you on the schedule. This truly is a great chapter and we want to keep moving in a positive direction, so please give us your feedback and help us continue to improve the LEC NCRS.

By the way, make sure you check out the two events being held by the Heart of Ohio Chapter!
Fliers attached

Thank You,

Elio Martin

Membership News

Welcome to all New Members!!

Lake Erie Chapter dues are to be in by January 1, 2012. Please complete the attached form and send it in with your check made out to "Lake Erie Chapter"

Please direct any Membership Questions or information:

Mike Cioffi, Membership

LEC Chapter News

After much discussion and searching for a way for the members of the Lake Erie Chapter to become more active and more involved, we are going to try monthly chapter meetings. Each month we will meet on the second Tuesday of every month starting **November 8, 2011**. Each meeting will host some special technical subject, judging criteria, or NCRS special interest area. We will also host a general discussion of any Corvette related interest brought in by the members. Our typical agenda will be:

- 6:30 PM A light dinner (Pizza or salads etc)
- 7:00PM Technical subject discussion
- 7:45PM Open member questions/Answers
- 8:15PM Decide on Technical topic for next month
- 8:30PM adjourn

We welcome any and all members to drive their Corvette and come to enjoy the company of other Lake Erie Chapter members. We can also decide if any social events are worth planning, such as a Holiday dinner, local entertainment, Car shows or side trips. Bring your ideas and let's see where this can go.

All Chapter meeting will be held at the Tim Lally Chevrolet dealership in their conference room. If we need to move to the garage for a technical session, that will be announced.

LEC Technical/Judging Session – Holly Carburetors

March 19th brought our first session for 2011 on a deep dive into the Holly Carburetor. Elio Martin brought some great original examples, and Tom Fetchik brought his restored 3810 from his 67. The session included a hot run on a dyno which allowed everyone to explore the proper carb set up and tuning. Thanks to Elio for bringing the engine stand and presenting the session highlights

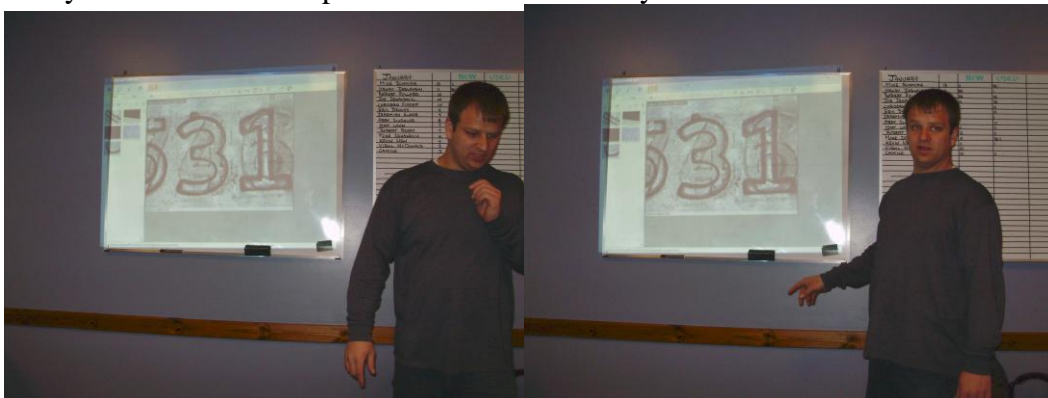

LE Chapter 2011 Winter Technical/Judging Session

The Chapter event on February 19, 2011 was a very interesting session on the many aspects of the 963 – 1967 Trim Tags. Elio Martin brought real and not so real examples as well as a microscope to tell the difference. The session divulged the myths and the mysteries of the trim tag and how to tell the difference.

Everyone was into the topic

Can you tell the difference?

Maybe not so real

Elio was able to point out the differences

LE Chapter Meet August 7, 2011

Our annual Chapter meet was held at the beautiful Tim Lally Chevrolet Dealership. All judged and registered cars were located inside the service area which allowed us a rain free, sun free dry area for our judged event.

We had three C1 and two C2 Corvettes available for judging. Several others could not be available for the meet and withdrew at the last moment. Three cars were staged for the Sportsman display and Tom Fetchik brought his 67 with the newly awarded Duntov as a display.

Some pictures from the event:

The judging Field

Sportsman Display

Marilyn Heitzman gave some great door prizes. Bob Fratus from Tim Lally accepts his 'prize'
