SCC is planning another judging school on C2 Exterior and C2 Interior. In addition, for this school we are inviting anyone that is preparing for upcoming PV's at future meets, to have their cars PV judged.

Team leaders will go through the judging manuals step by step and instruct judges on how to judge, where to find numbers and how to identify parts. This will be a great opportunity for any new judges or experienced judges that don't usually judge these cars or sections to learn about these cars in preparation for flight judging at our next judging meet.

We invite on a first come basis 2 cars for judging, and 2 cars for PV judging. Please contact us a week prior to the meet to make arrangements. This will be a great opportunity to have your car prejudged.

The next judging school will be announced soon. We invite suggestions for future judging classes.

These subjects may be changed and others may be added as details for the day are confirmed.

No food will be provided. Just knowledge, experience and fun.
