President's Message

In April we had our Annual Chapter Judging meet at our good friends of Nelson's Auto Group of Marysville, Ohio with seven cars for flight judging. Attending were 55 members, spouses and guest I wish to thank all that attended and hope to see you again. A special thanks to Mike T., Roger Z., Perry and Sue Yasher, Mary Carol Eyl and Marie Z. for their assistance in making the Heart of Ohio- NCRS Chapter meet another successful one.

This Past June many of our members joined us at the Lennox for Cars and Coffee to raise moneys for annual chapter charity event. We raised \$400.00 with Chapter kicking in funds to make our donation to Make a Wish foundation for \$1000.00 gift. I would like to give a special thanks to Wes Wells for his contribution of the donuts at the cost of \$125.00. And a special thanks to all those members that helped out at Cars and Coffee for the setup and clean up.

Here is hoping you all are doing well during these hot summer days. This past few months we had several members having experienced health issues. Roger Zrimsek (Co-Judging Chairman) experienced Torn bicep, rotor cup, passing out, hospitalized and double vision. But doctors did not find the cause of passing out. Then our Membership Chairman Butch Price had experienced a stroke and hospitalized for four days but his turnout has been a full recovery. Then we have out ongoing Issue with Secretary Terry Buchanan and his wife Teri with her battle with cancer. Also, Dave King's wife was hospitalized the night before our chapter meet.

Thus, we need to take care our ourselves and love ones as we grow with the times. Prayers and thoughts to all for a full recovery.

The Next event will be a meeting and tour to American Custom Industries, 5035 W Alexis road, Sylvania, Ohio July 28th. Don't Forget Heart of Ohio- Chapter-NCRS Annual Picnic coming up on August 12th at Alum Creek State park. See you there!

Special Request from Rick Coker Indiana Chapter

On August 4th, Indiana Chapter NCRS will host a Mini meet. The event will take place at the home of Jamie and John Heisler on Hamilton Lake. Due to limited space I would like to limit to 8 - 12 judges. 1966, 1967 and a 1982 are the corvettes for flight judging. Breakfast and coffee with judging stating at 9AM. A tech session with Shawn Sarrazin on detail a corvette for judging will follow judging. Later there will be a pontoon ride around Hamilton Lake with a late lunch or early dinner at the Cold Springs Resort.

I have attached two items. A flyer about the meet and a registration form with a map.

April Chapter Meet

April Heart of Ohio Chapter Meet was held on April 21st in Marysville, OH. Judging Chairs Roger Zrimsek and Mike Treece did an outstanding job of coordinating the event, judges, and food.

Thanks to Nelson Automotive for a great venue.

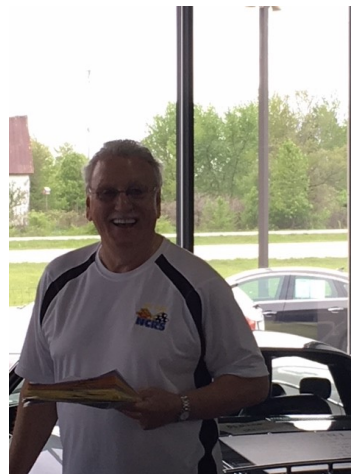

Dustin and Fred Richards—Indy 500 edition 2008

Judges working on a 1969. Always by the judging manual!

Steve Stevenson conducted a judging seminar on C2's after the awards were presented.

Congrats to all the 2nd Flight and Top Flight Winners!

Thanks Roger for all the work on registration and setting up the event.

Thanks to Mike for all his work with the event and judging!

June –Heart of Ohio Charity Event

3rd annual HoO charity event was held at Lennox Plaza in Columbus, OH on June 16th at Cars and Coffee. Weather was outstanding and over 200 cars filled the parking lot.

If you haven't been to this event, its great fun and a great cause. The club puts out free donuts under the tent and asks for donations to Make A Wish Charity. This year we collected \$400 with the club throwing in the balance for a total donation of \$1000.

Setup and cleanup are easy. You get to catch up with club members and see a variety of cars at Cars and Coffee. See you next year!

Replacing The Power Seat Switch on a Chevrolet Corvette C6

Required Tools

- Nylon pry tool
- Phillips Screwdriver
- Needle nose pliers
- Hook tool to pull clip off seat lever cam, I used a paint can opener

Required Parts

Seat Switch: AC Delco 10325876 (for this 2006 C6 Corvette – costs about \$180 at Chevy store)

Symptoms

Seat does not move, or only moves in some directions, or intermittently only when you wiggle switch or harness under seat.

Diagnose

Is it getting power?

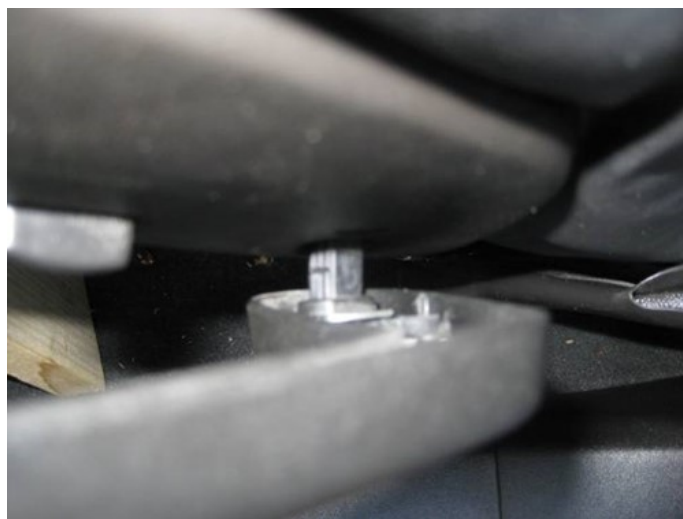

Check seat fuse under passenger toe board. Check power at connector under the seat. If it has lumbar control does that have power? It uses the same power source so if the lumbar works the problem is probably the seat switch.

Remove power seat switch by gently prying it away from the seat with a non-marring tool. I use a nylon pry bar. Pry from each side until the pressure clips release.

Remove the seat recline lever by gently pulling the top away from the seat. You will see a bright metal clip that is the same as the type found on a window crank. Using a small hook tool, pull up while wiggling until it comes free. I used a paint can opener / hook end. Remove the recline lever. There is a Philips-head screw that is revealed once you remove the lever. Take it out.

The plastic side panel of the seat is now free. From the back of the seat pull it away. It is tucked behind a metal rail on the top edge, so pull up slightly as you pull away. At the front edge of the seat there is a tab that retains the panel. Once the rear and top of the panel are free pull towards the front of the car to release the panel completely. Let it hang, no need to remove it completely.

Now you can remove the switch by gently pulling it away from the seat, there is enough slack in the wires to pull it far enough that you can press the release tab and remove the switch.

Once the plastic panel is off you will see a metal panel with three screws. Remove them and remove the panel, it is what retains the switch in the mounting hole.

Replace the switch, reassembly is the opposite of removal. I tested the switch before I reassembled. Screw the switch in place. Put the cover back on

Replace the seat recline lever and clip, I used needle nose pliers to put the clip back on the seat lever cam.

You should be in business.

The Back Page - Questions for the Club

Volume 15, Issue 3, Q3

It was great to see everyone at our charity event. My niece went through leukemia and looks forward to coming down every year. I was mentioning the event at work and one of my associates sister benefited from the Make A Wish foundation.

We are even talking about doing this event again in the fall.

Enjoy the summer! Please don't text and drive and tell people of the dangers that do!

Other Stuff

Check out www.olderide.com for car shows in your area. Great sight and info.

Perry Yasher recommends F11 spray coatings. I bought some and haven't found time to apply it yet. Lots of cars enthusiasts swear by it. Go to www.Topcoat.store for the best prices (and fast shipping).

Kudo's to Terry Buchanan, the Heart of Ohio Board, and its membership for earning another TOP FLIGHT Chapter Award. 8 years in a ROW!!

None of this is possible without your support and passion for the club!

Needed: Tech Articles! Working on your Corvette? Write a short article in Word format (make sure to take pictures!). Articles can be submitted to my email address at osubuci@att.net
