## President's Message

Time has past quickly this year we are now transitioning into fall. Since the last newsletter, Mike Treece has treated us to several notable events. On a hot Sunday in late July Mike Treece led the chapter members, a group of 8 Corvettes, on a road tour through a winding road along Maumee river stopping at scenic sites along the way. Participating members were treated to lunch in the canal town of historic Grand Rapids Ohio. After lunch members were taken back in time with a visit of a restored water and steam power mill, some members road the canal boat pulled by mules along the Miami - Erie Canal.

Two weeks later Sunday August 11<sup>th</sup> Mike Treece had arranged Heart of Ohio Chapter the annual picnic at Bryan State park in Yellow Springs, Ohio. A quaint picnic area along the Little Miami river where the park

surrounds the limestone Clifton Gorge carved out by Little Miami river. The park features many beautiful nature trails surrounding the Little Miami river. Hamburgers, hot dogs, Sausages and beverages were supplied by the chapter while delicious side dishes and desserts were provided by members. Afterwards we had to stop at the famous Young's Jersey Dairy Farm where hundreds of patrons visit the restaurant and Ice cream shop mostly during the hot summer months. Young's Dairy ice cream was a welcome site on a hot afternoon even after a gastro filling picnic.

Sept 8<sup>th</sup>, a most pleasant day for the Corvette Alliance show in Lancaster, OH. Dan and Karen Singer are the main host assisting them was one of our members, Duffy Parsons. Entry fee was \$15.00 per person which included a car care grab bag and a ticket for giveaway raffle items plus a silent auction. They put on a fantastic

show of Corvettes with multiple vendor displays lining some of the streets. The main streets are blocked off to park Corvettes facing out, side by side. 500 Corvettes of all ages where on display from C1 to C7s with a good portion of those were C7s from every color Chevrolet produced and all types of custom paint jobs. The Heart of Ohio Chapter-NCRS were provided an auditorium for a NCRS presentations. There were two Corvettes with over 500,000-miles displayed across from the Heart of Ohio Chapter-NCRS display. One of those exceptional 500,000-mile Vettes was an owner from Wisconsin with his 63 black on black roaster. Next year make it a point to attend a worthy show.

Sept 14, a non-traditional date for Heart of Ohio Chapter-NCRS chapter meets; normally our

meets are in early spring. But this year due to a Cincinnati Regional we opted to less conflicting later date. The venue of our chapter meets has been at Nelson's Auto Group show room which now has changed to C & N Motor Cars that continues the tradition of selling many exotic automobiles. A show room feast for the auto enthusiast with exotic cars like Mercedes Maclaren, Ferrari, Rolls Royce, Ford GT, Corvettes and multiple muscle cars where the surrounding for our chapter background. The Heart of Ohio Chapter hosted its annual judging Chapter meet with 11 cars on the judging floor. Six cars were presented for flight judging 5 reach top flight score and one a sec-

ond flight. The Concourse Judging was a first for the Heart of Ohio Chapter. We however, were fortunate to have two knowledgeable Concourse instructors on the floor, Mike Treece and Rick Coker to assist our judges. Out of the Concourse judging 4 reached a Blue-ribbon and one a 427-ribbon score. Lunchboxes were featured from the Hills Market Worthington store. Finally, Gary Bosselman presented the group with a most intriguing seminar on trim plates noting the differences on reproductions available on eBay versus GM factory production processes. Next year the Heart of Ohio Chapter will return to an early spring date with a display of a C8 Corvette. We wish to thank Paul at C & N Motors Cars for his and C & N for their hospitality in continuing to allow use of their use of their facilities.

Next Heart of Ohio Chapter meeting October 19<sup>th</sup>, will be a membership meeting at Nick Petruzzi's garage. Following up in November 9<sup>th</sup> Wagner-Hagen Auto Museum in downtown Columbus. Then mark your calendars for December 14<sup>th</sup> for the Heart of Ohio Chapter-NCRS Christmas Party at Panera in Powell, Ohio, see our website for the details.

The Chairman's Office will be open for all candidates as Marie and I will be focusing on more travel for the future that would interfere with chairman's demands. Those wishing to volunteer for any [office](#) should contact any board member and express their wish to apply for a desired office.

Lou Zuniga  
Chairman

## Steve Steffensen - Retirement

Let me say that this is a dismal announcement for our Chapter. Steve Steffensen has decided to depart from the Heart of Ohio and I believe the national NCRS organization. Steve is the Founder of the Heart of Ohio Chapter and has been a multiple-term judging chairman, a long-time resource of NCRS Judging guidelines and Paint types, processes and standards providing our chapter with many seminars on paint and NCRS judging guidelines. Steve had been employed by Ashland Chemicals in Dublin, OH in the paint division thus, such a great resource for paint types, processes and standards. I became a part of Heart of Ohio Chapter in 2002 and look to Steve for guidance throughout our time in the chapter. Even to this late chapter meet I had gone to Steve for guidance on a judging interpretation.

Steve began 30 years ago in the Lake Erie Chapter and as luck would have it created the Heart of Ohio in early 2000's. Steve collected 25 interested NCRS local members to start the Heart of Ohio Chapter. Steve created the bylaws and was instrumental in creating all the initial documents to start the Heart of Ohio Chapter then submitting them to the National NCRS Organization to begin the Heart of Ohio Chapter of the NCRS.

Over the years Steve started out with A white 63' Corvette coupe. As time went on Steve's interest lead Steve to purchase a beautiful example of a 57' Chevrolet two door hard top. Then Steve moved on to a C6 Corvette for more comfort. Now at this Juncture Steve has gained more interest in his love of Motorcycles.

Sorry to lose such a valued NCRS source for our Chapter. Please help me in wishing Steve a satisfying future endeavors in his retirement from NCRS.

## July – Road Tour –Maumee, OH

Mike Treece coordinated a road tour in the Maumee, OH area with several designated spots along the way. Sites included a ride on a canal boat pulled by mules, an old mill with steam powered tools, and a great lunch in Grand Rapids, OH. Eight members and their spouses attended the road tour. Nice job Mike!

## August – HoO Club Picnic John Bryan State Park—Yellow Springs, OH

Beautiful summer day greeted the club at John Bryan State Park. This gem is located near Dayton and features beautiful gorges and the winding Little Miami River. As usual, there was too much food but the company was great. Attendance was approximately 20 people showed for the picnic.

Above: Mike Treece, Lou Zuniga, Mark Heardon, and Perry Yasher cooking out for the club.

Left: Nick Petruzzi with newest Chapter member, Katherine.

## September – Corvette Alliance Car Lancaster, OH

Summer weather has been kind to us this year. The Corvette Alliance Car Show in Lancaster was no exception. Last year's show was rained out but we got blue skies this year and about 500 vettes showed up. Cars from PA, WV, KY, and OH showed up in force. Only thing missing was a new C8!

## September – HoO Chapter Meet Marysville, OH

Great showing of cars at our Chapter Meet hosted by C&N Motors in Marysville, OH. The chapter had 11 cars for flight and the new category of concours judging. Meet director Steve Steffensen organized the event and co-chaired the judging with Mike Treece. The club would like thank our tabulators: Jan Steffensen, Mary Carole Eyl, Sue Yasher, and Marie Zuniga. Coffee and Donuts—Rick Pfeifer, Beverages— Butch Price, Lunches—Lou Zuniga, and Perry Yasher on collecting money and name tags. Thanks to all for a great Chapter Meet!

Judges being briefed  
on assignments.

Butch Price judging  
Barry Dowd's 54  
Vette for Concours  
judging.

## September – HoO Chapter Meet Marysville, OH

Lou Zuniga congratulating Robert Blowers on his top flight award.

Gary Bosselman gave a tech session on trim tags and vin tags. Great information.

## Membership Report

At this time we have 75 members in the HOO chapter.

Butch Price  
155 Stemen Road  
Baltimore, Ohio 43105

Remember that you must be a current paid up member of the NCRS in order to be a member of any chapter.

If you have any questions, please contact Butch Price at 614-204-4366.

### Welcome new member!

Chuck Lewis of Cuyahoga Falls just joined the club. We look forward to seeing Chuck at future events.

## Participation Awards

The Heart of Ohio -Heart Award- Participation Points

## Financials

Beginning Cash Balance 1/1/19:	\$9,273.71
<b>REVENUE:</b>	
Membership Dues:	\$520.00
Chapter Meet Registration Fees:	\$1,710.00
Charity Car Show Income:	\$455.00
Total Revenue:	\$2,685.00
<b>EXPENSES:</b>	
Operations & Planning:	\$633.75
Judging Meet Expense:	\$1,073.00
Charitable Contribution:	\$0.00
Charity Car Show Expense:	\$1,000.00
Paypal Fees	\$76.42
Total Expenses:	\$2,783.17
Closing Cash Balance 12/31/19:	\$9,175.54

Our financials remain solid as we get into fall with a year to date income of \$520 from membership dues and \$1710 from the Chapter Meet registration collected.

Expenses from the Chapter Meet totaled \$1073 making it a profitable event bringing in income of \$637.

Eric Sponseller

## Tech Article - Corvettes at Carlisle 2019

### Dave King

Carlisle is a Corvette show you need to attend. This year's event was August 22-25 in Carlisle, PA.

Concours Judging seminar took place on Friday and Saturday at 10 am. They had an opportunity to judge a Concours Stock Class car on Friday at 3 pm and a Concours Modified car on Saturday at 11:30 am. Judging points were given to the participants

NCRS Gallery at Carlisle

Delaware Valley Chapter hosts the gallery.

NCRS Store is under the grandstands every year.

This should be on your bucket list.

## Tech Article - Corvettes at Carlisle 2019

### Editor

One of the age-old sayings about Carlisle is, “if you can’t find it here, it doesn’t exist.” While it may be a bit of an exaggeration, it’s likely not by much. You’ll find some of the rarest, most desirable, and highly noted Corvettes on the face of the planet probably worked their way through the gates of Carlisle. Parts ranging from prototypes to grab-bag specials can be found while walking the miles of aisles in the swap meet area. Expertly restored vintage Corvettes glisten in the Car Corral while projects looking for a new home eagerly await their new owners nearby.

More than 5000 Corvettes representing all generations, including the new C8 were well represented. Auto-cross, a parade in downtown Carlisle, and huge swap meet are just some of the events at Carlisle.

## Original NCRS Driveline—Number 1

We were fortunate enough that Terry Keating had held on to his past issues of NCRS Driveline. We thought we would share this great piece of NCRS history with the membership.

# THE NCRS DRIVELINE

Number One  
May-June, 1978

The Official Bi-monthly Newsletter of the  
National Corvette Restorers Society, Inc.

NCRS FLINT MEET JUNE 26th - JULY 1st

Enclosed with this issue of the NCRS DRIVE-  
LINE is the information, schedule and registration  
form for the Flint Meet June 26th through July 1st.

We have an impressive list of speakers which  
include Mr. DAVID R. McCLELLAN, Corvette  
Chief Engineer, and Mr. KARL LUDVIGSEN,  
Corvette author and historian. Arrangements  
have been made to have Mr. ZORA DUNTOV  
present for the meet and awards banquet.

GM Design and Chevrolet Engineering have  
been kind enough to offer for special display sev-  
eral Corvette prototypes; the Mako Shark, Manta  
Ray, Sting Ray Racer, Aerovette and the XP-895  
aluminum bodied mid-engine experimental Cor-  
vette. Further, the privately owned EX-122 Mo-  
torama Corvette will be on display as it appears  
today, rebodied by Chevrolet in 1955.

( continued on page 5 )

# Original NCRS Driveline—Number 1

The NCRS DRIVELINE is published bi-monthly by the NCRS, Inc. Send material for inclusion to John Amgwert, Editor, P. O. Box 34377, Omaha, NE 68134. NCRS, Inc. membership on May 1, 1978 was 2710.

This edition represents the first issue of our new bi-monthly 8-page newsletter, to be published in the months of Jan.-Feb., Mar.-Apr., May-June, July-Aug., Sept.-Oct. and Nov.-Dec. of each year. We hope to cover NCRS Chapter news and events, NCRS Meets, member classified ads as well as limited display advertising. Another feature of this new publication will be to try and spotlight a member's Corvette and its restoration in each issue.

You will note that this issue is sent via First Class mail to speed delivery, and we plan at this point to continue using this class of postage in the future.

Your editor encourages input from the membership on this new publication.

## T. MICHAELIS GRAND OPENING

Terry Michaelis Corvette Supplies, Inc. has invited the NCRS membership to attend the grand opening of their new headquarters in Maumee, Ohio (outside of Toledo) on May 19th through May 21st. Terry has invited us to set up a booth to promote NCRS and say hello to our many members that will attend this large event.

Official ribbon-cutting ceremonies are slated for Friday with a press conference. A Concours/Car Show will be held Friday and Saturday with awards presented on Sunday.

An ALL CORVETTE PARADE is scheduled for Saturday and it is being promoted as a big one! Parade participants will receive a raffle ticket for a 1978 Corvette - the registration fee being \$2 and proceeds will be going to charity.

This event will also set the stage for the world-premier of the new MGM movie CORVETTE SUMMER starring Mark Hamill of STAR WARS, who will be present to draw the

lucky ticket for the '78 Corvette.

It sounds like there will be lots of activities and prizes for all at this opening and NCRS will be present. Oh yes, the new facility is located at 1350 Tomahawk Drive in Maumee, Ohio. This should give members a good chance to see the TMCS operation and their many services.

## CARNIVAL OF CARS

NCRS members have been asked to participate in the Carnival of Cars Show to be held June 11th at the old Packard Proving Grounds (now a Ford test track) on Van Dyke Road north of Utica, Michigan. Exhibition or Judging is \$8 per car if registered by June 1st. Forms are available from Peggy Bouchard, 1563 Webster, Birmingham, MI 48008, 313/647-0175. You must enter under "NCRS".

## NCRS CHAPTERS

Since our mention of the South Florida Chapter - NCRS in the Fall 1977 issue of the RESTORER, several other local groups have shown interest in Chapter formation (see listing).

The Delaware Valley (Philadelphia) group co-sponsored the Cavalcade of Corvettes Show held at the beginning of May and have their next regular meeting scheduled for May 16th at 8 p.m. at the Wm. Bolton American Legion Post, Bethlehem Pike, Fort Washington, PA. Any NCRS members who have not been notified already should contact Dick Robinson at the address listed.

The Wisconsin Chapter has been going strong of recent and they have an event scheduled for Sunday May 21st on the grounds of the Empire Level Manufacturing Corp., 10930 W. Potter Road, Milwaukee, WI. The event will be informal with a parts swap, short caravan, picnic lunch, business meeting, tech session and Corvette Judging (NCRS rules) with awards. A flyer was sent out to NCRS members in the region, but if you didn't get one and are interested, contact Michael Hunt.

There is also some talk of possible full-scale Chapter Meets in the Chicago area some time this Fall, and also one in Orlando, Flor. early in 1979. Information will be included in a future issue of the NCRS DRIVELINE!

## NCRS FLINT MEET (continued from page one)

A bus tour is scheduled for Monday, Tuesday and Wednesday to the GM Tech Center and the Milford Proving Grounds which will be limited to 48 people each day. Members will have to sign-up for this tour at the meet. Additionally, we are scheduling various tours throughout the week to eleven different GM facilities, and you may sign-up for these at the meet.

The Flint Meet activities will center around the Sloan Museum of Transportation. The swap meet, tech sessions and seminars as well as the judging concours and special GM display will be held at the Sloan facilities.

The meet registration fee is \$20 in advance and \$25 after June 17th. Members will receive a dash plaque, meet patch and two plastic name badges. No vendor's fee will be charged for the swap meet. Security for your Corvette will be provided each night at the Holiday Inn only, with special arrangements available inside the Sloan Museum courtyard.

Judging is by pre-registration only - no cars will be accepted for judging after the June 17th cut-off. Flight awards will be presented at the banquet to all Corvettes scoring a minimum of 70 points, with additional High-Point awards in each division plus Travel and Ladies Choice. There is no fee for having your car judged!

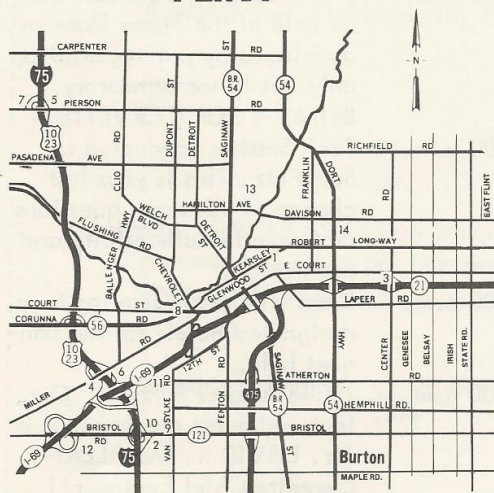

As mentioned in previous publications, the lodging situation for this meet is tense. Most of the rooms were reserved shortly after the meet was announced before the first of the year. We are providing the phone numbers for various motels in the Flint area for those that still need lodging.

Holiday Inn .....	313/239-4681
Howard Johnson Motor Lodge East .....	313/744-0200
Howard Johnson Motor Lodge S. W. ...	313/235-8561

### 2019 Corvette Stats Posted

Chevrolet has released the final stats for the 2019 model year Corvette. The total volume comes in at 34,822 Corvettes produced. Of that, 39.3% were Stingrays, 32.3% were Grand Sports, 19.9% were Z06s and 8.5% were ZR1s.

Automatic transmissions were once again favored over manuals at 77.6% or 27,017 cars. Coupes out sold convertibles both overall (84.%) and within each model type.

The exterior color breakdown is as follows (sorted by volume): Arctic White (6,789); Black (6,164); Torch Red (4,848); Sebring Orange (2,980); Dark Shadow Gray (2,519); Long Beach Red (2,397); Elkhart Lake Blue (2,166); Blade Silver (1,844); Ceramic Matrix Gray (1,581); Watkins Glen Gray (1,415); Corvette Racing Yellow (1,291); Admiral Blue (828)
