Chairman's Letter

Greetings Bonneville NCRS,

Springtime, a rebirth of all things good. Car shows, cruising, opening the garage doors and not freezing, a most pleasant time. I have some harbingers of spring I use to realize the cruising season is about to start. The Las Vegas NASCAR race has occurred, the Auto Rama has occurred, the dandelions are already cropping up, and so the first application of weed and feed is down on the lawn. Now we can get our cars out and enjoy them again.

At a previous chapter meeting there was some great dialogue of the Corvette being "America's Ferrari!" The Corvette has always been the flagship Chevrolet with the newest innovations directed to the Corvettes. We should be proud of our cars and our association with the NCRS and be willing to share our passion with those that show an interest in our cars. At every car show the early Corvettes always seem to draw some interested people that may want to know more, or hear a bit about our cars. We decided to do a little better job of making ourselves known to those who may not know what the NCRS is. With that in mind our club voted to obtain a club canopy with colorful graphics which include our club logo, and the NCRS spelled out to those that may not know what it is. We will utilize the canopy at some of the car shows that we wish to participate in as a club. We will likely get more people approaching us to ask questions, share stories, and find out a bit more about our cars. We may even generate some new friends that will become Corvette owners too. It's always fun to share our passion for our cars to those that are interested.

ROAD NOISE

Bonneville Chapter Newsletter – Qtr 1, 2018 – page 2

Chairman's Letter con't...

Our activities Chairman wants to keep our group active and is planning our participation in several events. It should be a fun summer season. We have chosen a few shows to participate in but as you all know there are car shows and cruises just about every night during the summer months, so if there is an event you would like to see us participate in, please let it be known!

Another item that generated a lot of great comments was our photo-op night where we gathered the cars at Nielsen's frozen custard and took some great pictures. Everyone seemed to like that idea and we should plan another summer photo-op shoot for this year. Bring your ideas for locations to consider.

Rex's compound survived, (barely) the onslaught of Gas Company backhoes and Rex has graciously offered his garage for our last several meetings. With that in mind, we have an opportunity for some tech sessions that the Murdock Chevrolet conference room could not support. If you have an idea for a tech session please make the suggestion. I have found them all to be interesting. I think the monthly meetings are more interesting when we have a tech session that expands our knowledge of processes and procedures.

I am looking forward to a busy and enjoyable season, and thank you all for the efforts and time that you dedicate to making our club a fun and enjoyable association.

Alan Rohlfing
NCRS Bonneville Chapter Chairman

NEW 2018 Board and Chapter Info

Bonneville Chapter Newsletter – Qtr 1, 2018 – Page 3

Name	Insight
Alan Rohlfig	Chairman, Membership Administrator, Contact Person – 801-298-1808 – imavette2@yahoo.com

New Affordable Borescope

Bonneville Chapter Newsletter – Qtr 1, 2018 – Page 5

Rex Marshall showed off an inexpensive but useful tool to our chapter meeting, a digital "Borescope."

They come in various length "whips", this one having a nine foot whip. It is waterproof, and has its own light source. Very handy for reaching areas where a scope type device is needed. (For example to verify engine block codes during C-5 Judging)

These are available on line, this one through eBay, with free shipping for less than \$10.00.

The resolution, clarity and color are really quite good!

You merely install the app on your device, or connect to your android pad, and you now have a very useful scope!

You can find it in a number of places one of which is WalMart under Novelty Lighting.

Enjoy! Rex

	Whip	Retail
Okeba Water proof	9 ft	\$9.99
Milwaukee M-Spector	3 ft.	\$ 79.00

New Affordable Borescope (con't)

Bonneville Chapter Newsletter – Qtr 1, 2018 – Page 6

Android and PC Endoscope — so powerful and smart

Only works with Android system phone, does Not support iOS system; Your Android Phone must support OTG function, and must support to connect external camera.

Specifications :

Resolution : HD : 640*480,

1280*720(only on PC)

View angle : 66

Focal Distance : 4cm -infinite

Diameter:7.0MM

Light:6 Adjustable White LEDs

Waterproof level: IP67.

Support systems: Android /
Windows 2000 / XP / Vista / 7.

Temperture: -20 ~ 85°C.

Tech Session – New Life to Old Lettering

Bonneville Chapter Newsletter – Qtr 1, 2018 – Page 7

In this Tech-Tip, Rex Marshall described restoring the lettering on dash knobs, wiper knobs, hood latches, etc.

So we have all experienced an aged dash knob where the lettering has long since worn away or at least partially worn away. How to go about restoring the lettering?

Rex experimented with various methods, from trying to use a small pointed object such as a toothpick to place paint into the embossed area, to small paint brushes.

The method that he found works best is simply, prepare the area by cleaning it thoroughly, then brush a typical paint into the embossed area without worry of over applying the paint. Then merely clean the flat surface off with a clean cloth being careful not to roll the rag into the embossed area.

Voila, there you have it, restored lettering as good as new!

**2018 NCRS Chapter Flight Program
Quarterly Reporting Form**

Chapter Name: Bonneville Chapter State: UT

Reporting Quarter (1) 2 3 4 Number of members on Feb. 1, 2018 28
(circle) (see definition)
